## Company Overview

ESP Contracting Solutions Ltd was founded and registered by Mr. Nicholas Espinal in 2008. Over the years, the privately owned company has undertaken many projects, accumulated skills, know-how and experiences in build solutions, trades and engineering works for industrial, commercial and residential construction.

## About us

Located in Port of Spain, our team comprises of experienced and qualified installers with the expertise, equipment and resources to manage both residential and commercial projects providing quality service to all our clients. Our team is crucial in the delivery of services to our clients and in order to ensure that everyone is equipped with the right skills, knowledge and professionalism we consistently provide the right training, certification and practical knowledge in order for them to confidently execute their duties and responsibilities. Our aim is to stay relevant in the fast paced, ever-changing market and client requirements.

Over the last few years our clientele has not only spanned throughout Trinidad and Tobago but also to neighbouring Barbados. Some of our clients include, Brydens, Methanex Trinidad Limited, The Hyatt Regency Port of Spain, Petrotrin, Ministry of National Security (Air Guard), The Sports Company of Trinidad and Tobago (Jean Pierre Complex and Larry Gomes Stadium).

With over twenty years experience, Managing Director Mr. Nicholas Espinal personally oversees the operations of each project, ensuring that good industry practices, health and safety policies are priority all while maintaining the highest standards and ensuring each client achieves their vision.

## Services

ESP Contracting Solutions offers a wide range of services including;

- Cleaning Services (steam cleaning, power washing, cleaning aluminium siding, eaves and roofing)
- Building Solution Services (painting and maintenance).
- Specialty Services (concrete repair, joint sealants, epoxy coatings for floors and walls, decorative concrete overlay systems, waterproofing, eco staining of concrete, grinding and scarifying of concrete).
